Mesa News Notes

RED CROSS MEETING APPOINTS COMMITTEE

A meeting was held Wednesday night at the Baptist church for the purpose of considering the organization of a local chapter of the American Red Cross Society. There were very few present, but steps were taken toward perfecting the work here. Mrs. E. L. Shaw, member of the executive committee of the Phoenix chapter was present and presented briefly and yet in a very interesting manner the plan of the work and the scope of its helpfulness. Following her remarks, Mr. Forsythe, who had been chosen chairman, addressed the meeting on the work of the Red Cross and Mrs. R. M. Winters, secretary, upon request, told of the lessons in first aid which had been given at Phoenix. Following her remarks a committee was appointed to confer regarding the best method of securing a large organization here, the opinion of those present being that it would be better to canvass quietly until people return from their vacations and then attempt to get all the churches to engage in a union meeting set for some Sunday night, at which speakers could be present and a permanent organization effected. This committee consists of Rev. E. C. Forsythe, Rev. Dr. J. E. Drane, Mrs. M. L. Winters and Mrs. R. M. Winters.

DIDN'T KNOW IT WAS LOADED

Walter Leuser, son of Mr. and Mrs. J. T. Leuser and member of the boy scout band now on a vacation at Pinaric, received a slight flesh wound in the leg when a companion shot what he thought was a blank shell in his direction. It seems that

Tempe News Notes

UP FROM THE BORDER

Albert Holmesley and Jose Alvarez came in from their station with Company C. on the Mexican border yesterday and will be here on a ten-day furlough. C. Company, comprised of Tempe men in the Arizona national guard is now under command of Captain Williams and has as lieutenant

is delaying his vacation trip a day or so until he once more gets the free and easy use of all his joints and muscles.

LEAVE SATURDAY

W. N. Amos and Clarence Gates will leave Saturday for Prescott where they will join their families who have been there for some time. Their visit will extend over several days.

HE IS HAPPY ONCE MORE

Councilman W. A. Riggs lately has come through the worst of the summer widower. With his boys he has stayed at home and "bitched" and figured out just how long two or three weeks could be any way. Mrs. Riggs is home again having been at Prescott during the afore mentioned time, and the world once more is bright for Billy and the boys.

NEWLY WEDS HERE

Mr. and Mrs. Jesse Brimhall are here on a visit to the former parents. The young couple were married recently at Thatcher. Mr. Brimhall met his bride, formerly Miss Curtis, at Flagstaff Normal last winter. Both are to teach next term in the Graham county schools.

MADAME LA PRESIDENTE

Anne Held appears for the first time upon the screen in "Madame La Presidente," one of the famous stories of French farce. The plot is full of amusing situations. Better than the usual light comedy, and Miss Held is clearly an artist in her part of Miss Gabette the "Pet of the Harem."

LARGE LAND SALE

One of the largest real estate sales put through in this locality lately, was consummated yesterday when the real estate agency of W. R. Stewart sold for Wallace Surine, 10 acres of land close into the heart of the city. The land was sold to Mr. White, of Tempe, who will cut the land up into 52 building lots. The consideration is said to be one of the highest paid in Mesa for years.

Church Repairing

Preparatory to the winter season, a force of men are busy at the Christian tabernacle, painting and renovating. In view of this, the church will not be in use this evening and the usual mid-week prayer circle will meet at the parsonage.

SOME GOOD ROAD WORK

Straw haulers are now and then working on the river bed road down to the swimming hole and within the course of another week or so will have the road covered its entire distance. So far the resort has been practically inaccessible to autoists and all have been looking forward to the day when the sandy road would be bedded its entire distance.

COPPER COMPANY OFFICE

The Roosevelt Lake Copper Company has opened offices in the Casa Loma hotel building at Tempe and has established an attractive display of ore in the front window that was recently mined from its property near Reno Pass.

"OVER NIGHT"

A World Film feature entitled "Over Night" will be the attraction at the opera house tonight. Pretty Vivian Martin plays in this feature and the story is of two newly wedded young couples who become separated while on their honeymoon. Each bride has to be contented for the time being with the other groom and there are a host of intensely amusing adventures before things are righted.

BANK MAN HERE

H. E. Sneddon, vice president of the First National Bank of Corona, California, was in Tempe yesterday attending to business interests.

TO BERKELEY

F. Herbert Ballou left last evening over the Santa Fe for Berkeley, Mrs. Ballou will join him there the first of next month and it is their intention to locate permanently either at Berkeley or in the near vicinity.

AT RAY

J. John Curry has left for Ray where he will be temporarily located in the interests of the Tempe Hard-dairyman.

WINTER IN TEMPE

Mrs. J. E. Wish, of Palo Verde, was in Tempe yesterday morning and plans to make her residence here during the coming winter in order to

VALUABLE ORE FOUND AT THE SECRET PASS

A button containing an ounce and five pennyweights of gold from the Tetrault mill at Secret Pass was displayed in Oatman yesterday, says the Mohave Miner, as one of the same items showing the great success of the mill and value of the property upon which it has been operated. It has cleaned up a total of \$5,000, according to O. T. James, one of the partners who had the bond and lease on the Secret Pass-Gold Top. The property was bonded subsequently to J. P. Loftus and Charles S. Sprague, of Goldfield. As a necessary preliminary to the deal, the interests of the former leasees were purchased. They were Paul Morton, J. W. Stalker and Mr. James.

They worked out a lens of three feet of ore that averaged \$320 a ton and have left a body thirty feet wide that averages \$12. This would pay handsomely with the Tetrault mill and the owners of the little plant only regret that they cannot have their lease renewed for a year.

Mr. James says the mill can be operated at a rate per ton that is less than in any large mill in this country. They ran it twenty-four hours with seven gallons of distillate, a small amount of cylinder oil and practically no other expense save that of two men. But it takes an extra large amount of water. They have a one-inch gravity pipe carrying water into it, but the slimes can be saved and run through several times. They could get along nicely with a half-inch flow.

Why should Maricopa County have two men on the Corporation Commission while 11 Counties have none?
Vote For Miller of Yuma!!

PUBLIC DEMANDS NEW BRAND GUM

There is a remarkable national revival of interest in chewing gum. The public has shown its interest by a demand for a greater variety of gum. For many years the American Chicle Company has produced more than a hundred brands of gum, and until recently this fully met the public demand. Lately, however, there has been expressed a universal desire for new flavors, new shapes and new packages.

P. J. MILLER

Democratic Candidate for Nomination of Corporation Commissioner

which exactly suit their tastes. The newspapers and magazines have been discussing gum seriously and intelligently. Medical and scientific men have lent their endorsement to good gum and the custom of chewing it at times when it is actually beneficial to the health of the user.

REVENUE BILL ABOUT READY

[Republican A. P. Leased Wire]
WASHINGTON, Aug. 16.—Democrats of the senate finance committee completed a report tonight on the administration revenue bill approved last night by the party caucus and treasury experts to whom it was submitted perfected its technical details. The measure will be submitted to republican members of the committee tomorrow and later in the day Chairman Simmons will report it to the senate. Debate probably will begin Thursday morning.

With 33 years experience in Arizona as MINER, FARMER, BUSINESS MAN and official of trust and responsibility. He knows Arizona, and the urgent needs of its people. His wide knowledge with condition in each county, especially fits him to sit in judgment on the business problems confronting the commission which must be solved to the best interests of the people. The vast bulk of the commission's business is with telephone, electric, gas, water, mining and such like corporations. Railroad rate making is the least part of the work of the commission.

Why should Maricopa County have two men on the Corporation Commission while 11 Counties have none?
Vote For Miller of Yuma!!
